

SNEHA CHAND

Computer Science Graduate & MERN Stack Developer

Jharsuguda, Odisha, India | +91-7894385422 | snehachand1912@gmail.com
GitHub: github.com/sc331912 | LinkedIn: linkedin.com/in/sneha-chand-dev

PROFESSIONAL PROFILES

- Technology:** Specializes in building modern, responsive, and user-centric MERN stack web applications. Passionate about transforming innovative concepts into robust, interactive digital experiences.
- Leadership:** National Level Debater bringing outstanding communication, analytical reasoning, leadership, and public speaking abilities directly to engineering environments and collaborative team contexts.
- Creative:** Active reader, writer, and sketch artist, translating high-fidelity artistic concepts directly into clean, visually balanced, and modern user experiences (UI/UX).

TECHNICAL SKILLS MATRIX

Programming Languages:	C, C++, Java, JavaScript (ES6+), Python
Frontend Web Stack:	HTML5, CSS3, React.js, Tailwind CSS, Bootstrap
Backend & DB Stack:	Node.js, Express.js, MongoDB, MySQL, PostgreSQL
Tools & Platforms:	Git, GitHub, VS Code, Postman, Vercel, Netlify
Core Computer Science:	Data Structures & Algorithms (DSA), OOPs, REST APIs, DBMS, Responsive Design
Cognitive & Soft Skills:	Public Speaking, Professional Communication, Analytical Logic, Adaptability, Mentoring

HANDS-ON PROJECTS

- AetherChat - Real-Time Communication Hub** (Full-Stack Developer)
- Engineered a real-time web chat environment using React.js and Socket.io for instantaneous bi-directional packet relay.
 - Formulated a secure backend message broker with Node.js and Express, implementing clean REST APIs.
 - Integrated MongoDB for data persistency, caching dynamic state updates and structural message archives.
- MirrorLink - Responsive Web Environments** (Frontend Engineer)
- Assembled high-fidelity, responsive frontend cloned replicas of complex, major commercial websites.
 - Streamlined cross-browser compatibility and responsive flexibilities relying on CSS Grid, Flexbox, and Media Queries.
 - Programmed custom JavaScript elements to implement standard interactive UI/UX design patterns.
- Synaptic UI - Dynamic Interactive Artistry** (UI/UX Architect)
- Sculpted futuristic web interfaces utilizing HSL glow palettes, glowing backdrops, and custom visual transitions.
 - Programmed optimized client-side motion engines utilizing pure CSS3 keyframe mechanics and lightweight vanilla ES6 JS.
 - Designed elegant glassmorphic cards, custom scroll monitors, and neon vector highlights for superior aesthetic wow-factor.

EDUCATION DOSSIER

B.Sc. in Computer Science	2023 - 2026
Government Autonomous College, Sundargarh, Odisha Affiliated to Sambalpur University	Standing: 8.23 CGPA (Completed / Graduated)
Senior Secondary (XII) - Science	2021 - 2023
Women's College, Jharsuguda, Odisha CHSE Odisha Board	Standing: 66.66%
Secondary School Certificate (X)	2021
St. Mary's Higher Secondary School, Jharsuguda ICSE Board	Standing: 95.00% (Distinction Node)

CREDENTIALS & CERTIFICATIONS

- MERN Stack Developer Mastery Certificate - Udemy Academy
- Data Structures & Algorithms in Java - NPTEL Database
- Creative UI/UX & Web Design - Interaction Design Foundation
